

ART. INNOVATION. JOY.

These are the qualities that have defined Missoni, the legendary Italian fashion house, whose colorful, one-of-a-kind style has been recognized around the world since its early days. Inspiring a way of living as much as a way of style, Missoni has always been guided by visionary design and innovative craftsmanship, its styles infused with a tangible sense of joyfulness and relaxed luxury. Now for the first time in its history, Missoni is giving physical form to this unique sensibility through a residential property: Missoni Baia.

Missoni Baia's 229 bayfront residences celebrate the timeless appeal of waterfront living in relaxed, modern style. With an impressive 200 feet of waterfront on Biscayne Bay and amenities worthy of a luxurious resort, Missoni Baia is like no other residential tower in Miami.

Welcome to Missoni Baia.
Welcome to the sweet life.

MISSONI

The Missoni brand is very much synonymous with the Missoni family. Angela Missoni, the founding couple's daughter, took over from Rosita as the firm's creative director in 1997 and now leads the legendary label. As the creative force behind the entire house of Missoni, Angela has taken the company in new directions while remaining true to its heritage.

She developed a new way to approach the Missoni image and communications, establishing a new position for the brand in the world of fashion. Angela has initiated new and important collaborations with talents like Carine Roitfeld, Mario Testino, Edward Enninful, Mario Sorrenti, Mert and Marcus, and Juergen Teller. Most recently she has worked with Oscar-winning Italian director Paolo Sorrentino and actress, model and philanthropist Elisa Sednaoui to launch the latest Missoni fragrance worldwide.

Through the decades, Angela has been involved in projects that focus on reinforcing global awareness of the brand, and the growth of the family business. Amid that work emerged the study of the latest concept for the Missoni boutiques worldwide. For this, Angela worked closely with world-famous architect Patricia Urquiola. Together they created an organic environment that plays on various tones and textures, in order to give maximal visibility to the strong aesthetic of all the Missoni collections, elements of which ultimately become protagonists in a space.

The influential magazine Women's Wear Daily has praised Missoni's designs under her creative direction: "Angela Missoni is the scion of a decades-old family dynasty, but she's still breaking new ground." Now Angela and OKO Group have come together to bring the singular Missoni style to life in the brand's first-ever residential development.

The Building

LIFE, LIVED BEAUTIFULLY.

The tower's visionary design, by the internationally acclaimed New York firm Asymptote Architecture, captures the Missoni spirit of innovation and imagination with its forward-thinking, high-performance design. Like a luminous three-dimensional fabric, its shimmering, prismatic skin refracts the bright Miami sun into an ever-changing play of light.

As with Missoni, Asymptote's design draws inspiration from the world of art. The building's precision and restraint speak to the influence of the Minimalist and Kinetic art movements, particularly the works of Donald Judd, Sol LeWitt, and Jesús Rafael Soto. Every element of the architecture is an immersive artistic experience.

The palette of the lobby's reception area plays luminous, etched, dichroic glass against cool, honed white-pearl marble.

Residences

LIFE, LIVED SOULFULLY.

Missoni Baia was thoughtfully designed so that every one of its one- to five-bedroom residences, ranging in size from 771 to 3,807 square feet (72 to 353 square meters), would open onto expansive, shaded terraces—conceived as open-air rooms—overlooking Biscayne Bay.

Every one of Missoni Baia's 229 residences faces the water, with deep, shaded balconies enclosed by fritted-glass railings that conceal the edges of the concrete slabs without interrupting the sweeping water views—thus conveying the building's architectural integrity.

EAST PANORAMIC VIEW

SOUTH PANORAMIC VIEW

The kitchens boast a serene palette of Blue de Savoie marble counters, dark mirrored backsplashes, and matte white lacquer cabinets. All with Gaggenau appliances.

A cool, calming palette of Dolomite mosaic and wall tiles, Calacatta Ice marble counters, his-and-hers water closets, and polished chrome fixtures graces the master bath.

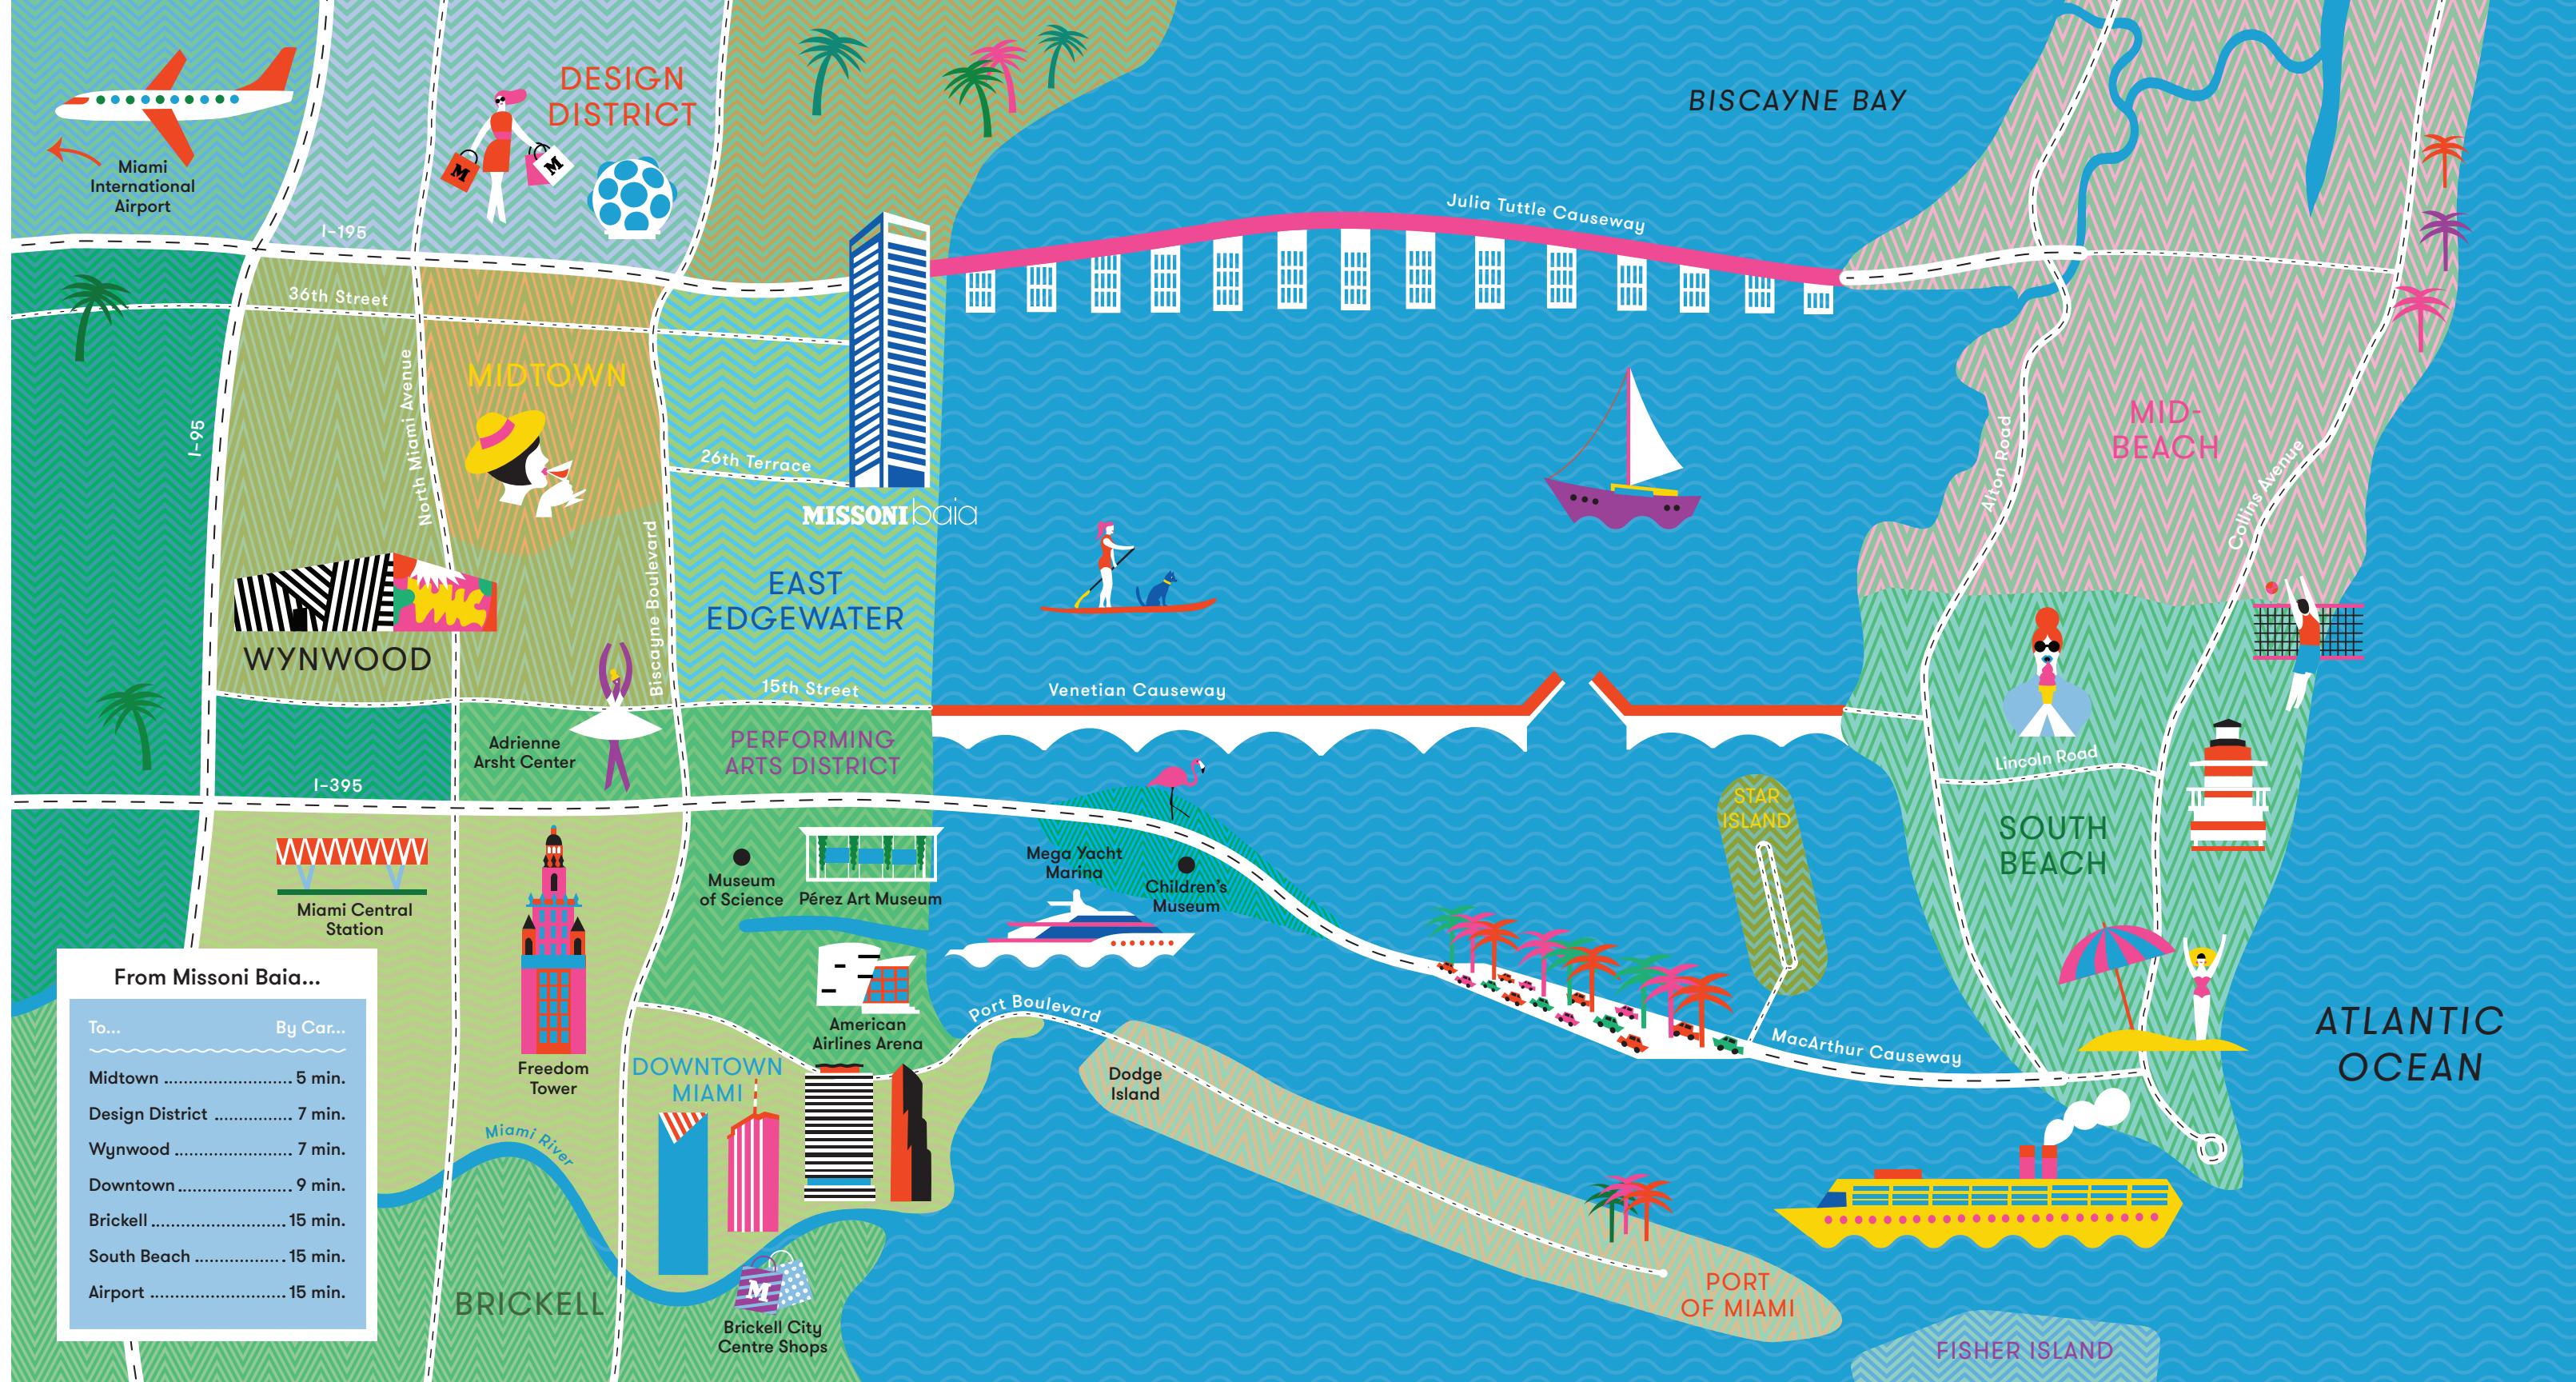

Neighborhood

LIFE, LIVED TASTEFULLY.

Located at the nexus of the city's most creative, culturally rich neighborhoods, East Edgewater speaks to the passion for art and the embrace of the carefree, casually luxurious good life that are at the core of the Missoni philosophy.
